Pornstar!” Haha! That simple! I submitted my measurements and some photos of me, researched the people that I was coming out to Los Angeles to sign with, and flew out to do my first couple scenes! The rest is history.

We asked the newest model on both MissaX and AllHerLuv, Whitney Wright, a few questions (from you and us) so you could get to know her better.

MissaX: What were you like in High School?

Whitney Wright: I was the funny one, I loved joking around. I loved making my friends laugh and doing skits in my school's talent shows. I also loved boys. Haha, I was a little boy crazy.

MX: How did you choose your name, Whitney Wright?

WW: Whitney sounded like the perfect girl next door name; which, I think that I pretty much embody that persona. I wanted my last name to match up with my first name in some way, and so Whitney Wright was born. :)

“I like putting full trust in my partner and being vulnerable by giving them complete control during sex. I’ve always loved it.”

MX: Is “Whitney” the woman, different than “Whitney” the actor?

WW: I’m more or less the same person, overall. I love to make people laugh in the scene and on set, as I do in real life. I truly do love sex, and I love performing, on and off camera. I care a lot for my fans and for my friends I see every day. I love talking to people and being around big crowds.

MX: You obviously enjoy being an actress, but do you prefer acting dominant or submissive? Why?

WW: I like both, I can do both, and have been cast for both roles. If I had to choose, though, I would say that I enjoy being submissive more. I like putting full trust in my partner and being vulnerable by giving them complete control during sex. I’ve always loved it.

MX: How did you get into the industry?

WW: I replied to a Craigslist ad that said “Come out to Los Angeles and be a

MX: Did you tell your parents?

WW: I did not! But they found out, I have no idea how they did, but they always do. Everyone’s parents always find out. But we still have a great relationship and I visit them in Oklahoma all the time. It was hard for them at first, of course; but as long as I’m happy and safe, they’re happy.

MX: What type of porn do you masturbate to?

WW: My own. Honestly. Haha. But most of the time I just close my eyes and think of fucking someone and play with my vibrating wand.

MX: In taboo step-family roleplay, what role is your favorite?

WW: Stepdaughter and stepfather/stepbrother! For sure! I’ve always thought that was so hot. I’m also a sucker for a good stepdaughter and stepmother scene. ;)

MX: Tell us how you lost your virginity?

WW: I was 15 and lost my virginity to my very first boyfriend at my friend’s house. I was nervous but so excited! I’ll never forget that feeling! Does anyone ever?

MX: What was your first non-porn job?

WW: I worked at American Eagle Outfitters for 8 years! :)

MX: What’s your favorite TV show and movie?

WW: I love Westworld, and Criminal Minds. As for my favorite movie, I love any kind of thriller, drama, or comedy. Or anything with Dwayne “The Rock” Johnson in it. Lol.

MX: It’s your day off, what does Whitney do to unwind?

WW: I love working out [...] here in Los Angeles, or if I know I have the entire day off, I’ll go to the beach. I usually don’t make plans until the day of, because even if I have a day off, my agent my call me to go to work for a last minute scene.

MX: Tell us why you became a vegetarian?

WW: I kept on getting sick while eating meat and fish, and then when I wanted to quit it for good, I just looked at how they were being treated and what they were being put through all so I could eat meat, chicken, fish, etc. I just couldn’t do it anymore.

MX: Do you have a fetish?

WW: I love women’s feet, and I also have a huuuuge cum fetish. Even before porn, I made my boyfriend’s do crazy stuff with their cum before I ingested it.

MX: If you were Madame President, what is the first thing you would do?

WW: I would make all sex work legal/ decriminalized, and would make it a crime to discriminate against any sex worker (for jobs, bank accounts, colleges, etc.).

MX: If you could tell us one secret about porn it would be that..?

WW: It’s just like high school, with ash trays.
